

Innovative Solutions to Complex Problems

Precision Concrete

AME, Inc. has the expertise, man power and equipment to keep your precision concrete project on budget and on schedule. Our concrete work separates us from our competition by our high regard for technical skill, accuracy and safety. We have a proven ability to cost-effectively meet the demands of unusual, heavy concrete structures as well as the more routine foundation and slab pours.

We have helped establish the industry standard for an impressive and diverse client base for over 50 years.

◆ Capabilities

- Mass/precision concrete (pits, trenches & machinery foundations)
- Specialty foundations, deep excavations & shoring
- Concrete forming, placement & finishing
- Structural demolition & retrofit
